**Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

**Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

**Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Purple Heart Homes, Inc. as of December 31, 2014, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

PURPLE HEART HOMES, INC.  
NOTES TO THE FINANCIAL STATEMENTS  
YEAR ENDED DECEMBER 31, 2014

**NOTE A - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Organization.** Purple Heart Homes, Inc. (the Organization) was established in 2008 and provides personalized housing solutions for service connected disabled veterans and their families that are substantial in function, design, and quality. The Organization is supported primarily through donor contributions.

**Basis of Accounting.** The financial statements of the Organization have been prepared on the accrual basis of accounting. Revenue, other than contributions, is recognized when earned. Expenses are recognized during the period in which they are incurred.

**Cash and Cash Equivalents.** For purposes of the statement of cash flows, the Organization considers all highly liquid investments available for current use with an initial maturity of three months or less to be cash equivalents. The Organization had no cash equivalents at December 31, 2014.

**Investments.** Investments are reported at fair value based on quoted market prices. Investments classified as short-term are available for operations in the next year. Unrealized and realized gains and losses are included in the accompanying statement of activities. As of December 31, 2014, the Organization's investments consisted entirely of equity securities.

**Purchase-Money Mortgages.** Homes are available to purchasers at no less than fifty percent and up to sixty-five percent of the estimated value of the property. The Organization obtains a purchase-money mortgage for the difference between the contract sales price and the amount that the purchaser is required to pay for the home. The mortgage expires over a fifteen year period at no cost to the purchaser. Service connected disabled veterans that demonstrate major improvement in credit repair and complete all required programs within five years have the opportunity to have the mortgage removed ratably over the five year period.

**Property and Equipment.** Purchased property and equipment is capitalized at cost. Expenditures for maintenance and repairs, which do not improve or extend the life of an asset, are charged to expense as incurred. Depreciation is computed using the straight-line method over the estimated useful lives of the assets.

**Net Assets**

*Unrestricted Net Assets.* Unrestricted net assets include those net assets whose use is not restricted by donors, even though their use may be limited in other respects, such as by board designation.

*Temporarily Restricted Net Assets.* Temporarily restricted net assets include those net assets whose use by the Organization has been donor restricted by specific time or purpose limitations. Net assets are released from restrictions either as a result of the expiration of a time restriction or due to the satisfaction of a purpose restriction.

NOTES TO THE FINANCIAL STATEMENTS  
YEAR ENDED DECEMBER 31, 2014

**NOTE A - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES  
(continued)**

**Contributions.** The Organization recognizes contributions as revenue in the period received. Contributions received are recorded as unrestricted support, temporarily restricted support, or permanently restricted support depending on the existence and/or nature of any donor restrictions. Support that is restricted by the donor is reported as an increase in temporarily or permanent restricted net assets, as applicable. Within temporarily restricted net assets, amounts are reclassified to unrestricted net assets when restrictions expire. Donor-restricted contributions whose restrictions are met within the same year as received are reflected as unrestricted contributions in the accompanying financial statements.

**Contributed Services.** Contributed services are recognized by the Organization if the services received (a) create or enhance long-lived assets or (b) require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation. The Organization records donated services which meet the recognition criteria at the fair market value of the services received. In 2014, the Organization recognized \$66,895 of contributed services revenue related to services provided by contractors, architects, and other professionals who assisted with home renovations and other organizational functions.

A substantial number of volunteers have donated significant amounts of time and services to the Organization's program operations and to its fundraising campaigns. However, these services do not meet the criteria for recognition as contributed services and, accordingly, are not recognized in the accompanying financial statements.

**Contributed Homes and Materials.** In-kind contributions and the corresponding donated homes and materials inventory are recorded at their estimated fair value on the date of donation.

**Other Gains (Losses).** The Organization has received, as a donation, real estate from multiple sources. Upon receipt, these gifts in-kind were recorded at the home's estimated fair value. These homes are held for a specified period while the Organization attempts to locate a Veteran to place in the home. If the Organization is unable to identify a Veteran to place in the home, the home is sold to investors. A gain or loss is calculated on the difference between the sales price and the amount recorded at the time of donation.

**Program Services.** The Organization offers the following two distinct programs:

The *Veterans Aging in Place Program* is specifically designed to help older service connected disabled veterans and their caregivers who currently own their own home. The program is designed to provide a barrier free living environment at no cost to the veteran.

The *Veteran Home Ownership Program* is specifically designed to enable service connected disabled veterans who do not already own a home, become homeowners.

**NOTE A - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES  
(continued)**

The goal of both programs is to help reintegrate the veteran into the community in which they live and to proudly acknowledge the sacrifice they have made on their country's behalf. Whether it is adapting a veteran's existing home, building a home from the ground up, or adapting and modifying a foreclosed home, the Organization is committed to guiding the veteran through the entire process.

**Supporting Services**

*Management and general.* The management and general service includes expenditures to secure proper administrative functioning, maintaining the assets, and manage the financial responsibilities of the Organization.

*Fund-raising.* The fundraising service includes expenditures which provide the structure necessary to encourage and secure private financial support.

**Functional Allocation of Expenses.** The Organization allocates its expenses on a functional basis among its various programs and support services. Accordingly, certain shared costs have been allocated among the programs and supporting services benefited. Expenses that are identified with a specific program or support service are charged directly according to their natural expenditure classification.

**Use of Estimates.** The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

**Income Taxes.** The Organization is a not-for-profit organization that is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code and classified by the Internal Revenue Service as other than a private foundation. The Organization believes that it has appropriate support for income tax positions taken. Therefore, management has not identified any uncertain income tax positions.

The Organization files IRS Form 990, *Return of Organization Exempt from Income Tax*, annually with the Federal Government. Generally, returns remain open for examination by taxing authorities for three years after they were filed. Therefore, returns related to the years ended December 31, 2011 through 2014 remain open for examination.
